

31 January 2014

Town of Windsor Board Members:

For the month of December, I was busy taking in new exemptions and renewals as well. I have been busy inputting all the information from the exemptions into the system.

I started working on Saturdays, so I can either work out on the road, assessing properties or in the office getting paperwork in order.

January, February, March and April are my busy months to get the exemptions in the system and also get all the new assessments in the system. So, I'm all prepared for the Tentative Roll in May.

Thank you,

Becky A. Ottens
Town of Windsor Assessor
