P.O. Box 688
Binghamton NY 13905

Dear Mr. Coughlin,

The Town of Windsor Planning Board has reviewed your application to the DEC to modify an existing 13.6 acre bluestone quarry to 48 acres off William Law Road in the Town of Windsor.

This letter and the attached minutes are to advise you of the Planning Board's concerns regarding your project, specifically:

- Compliance with Section 68 of the Town Code pertaining to Noise Control (LL #4-2010);
- The impact of truck travel on town roads and the Highway Superintendent should consider a bond for potential damage;
- The applicant's plan to mitigate the deposit and tracking of stone and dust on town roads (as prohibited by Section 43 of our Town Code [LL #3-2009]); and
- Due to the curvy and narrow unimproved roads, stone hauling should be limited from 6 to 9am and 2:30 to 5pm when school buses are running.

If you have any question regarding this you may contact Code Enforcement Officer David Brown at 1-607-655-2800.

Thank you in advance for your cooperation.

Respectfully,

Bruce Cameron, secretary

Cc: Joseph M. Dlugolenski, Deputy DEC regional permit administrator
Caroline Price, Town of Windsor supervisor
Richard Kohlbach, Town of Windsor highway superintendent
