

7/9/14

1 July 2014

Town of Windsor Board Members:

For the month of June: Grievance Day is over and I put the final changes on the assessment roll. The Final Roll was finalized on July 1st and it is in my office for review. I have been catching up on different things in the office. I took an agricultural course in Albany on June 24th and June 25th. It was more like a refresher course but it was well worth it.

June, July and August are my slower months and I catch up on a lot of things that I have put on the "back burner" during my busy time.

Thank you,

Becky A. Ottens
Town of Windsor Assessor
