

Windsor Youth Board

10/1/14-11/4/14

1. We wrapped up our fall programs successfully. Soccer held a round robin tournament with face painting and other events. Cheer hosted a competition on the 1st with a very large turnout.
2. Now have a small basketball program starting in order to gauge interest in whether we have interest to hold larger program going forward
3. Wrestling program is under way.
4. Have meeting with school officials to begin to plan winter clinics for baseball/softball.
5. Again the programs have grown we have baseball, softball, soccer, football, cheer, wrestling already going. We have been approached to do volleyball, field hockey, basketball and a few more. This is outstanding and some of it is the nature of how school activities are changing.
6. So far this year we have had 1100 children participate in youth sports. This number will only grow as parents look for activities for their children.
7. The Youth board seats that we are looking to fill are in order to maximize the volunteers we have and also to get young people from the community involved that have the goal of improving all children not just their own.
8. While there is more I would like to end by saying serving the youth of this community is both a pleasure and yes sometimes a grind and I would like to submit that if it is the board's wish would look forward to doing it again next year.

Thank you Robert Crowley
