Windsor NY 138656**

May 31, 2012

John Zimmer, program manager  
AECOM  
95 State Road  
Sagamore Beach, MA 02562

Dear Mr. Zimmer:

This letter is to inform you the Town of Windsor Planning Board reviewed the materials you sent us May 4 concerning the proposed 120-mile Constitution Pipeline which may be constructed through our municipality.

After careful review, the board determined that the proposals do not appear to impact sensitive environmental areas. It was noted that the proposed pipeline will pass near several residences which are serviced by either private wells or springs.

When the final plans are prepared we would appreciate being appraised of a more definite route for your proposed pipeline. Thank you for your considerations.

Sincerely,

Bruce R. Cameron,  
secretary
