

May 2, 2022

Ms. Susan Brown, Deputy Commissioner
Broome County Highway Department
47 Thomas Street
Binghamton, NY 13901

Dear Deputy Commissioner Brown:

**RE: REQUEST FOR A SPEED LIMIT REDUCTION
THOMPSON ROAD
TOWN OF WINDSOR, BROOME COUNTY**

This is a follow up to letter dated March 2, 2021. The Traffic Safety and Mobility Office (TSMO) has completed the review of the speed limit as requested.

With such low traffic volumes on Thompson Road, conventional methods of identifying operating speeds could not be employed. Therefore, the review process included multiple trips within the limits requested, driving 5 MPH intervals, and identifying a speed that is reasonable and enforceable. This is a common method used for setting speed limits on low volume roads.

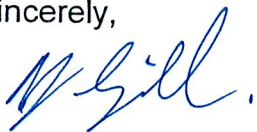

After considering the roadside friction, development, physical features, and the geometry of the roadway, the engineer identified the appropriate speed limit as 40 MPH, as requested. A copy Notice of Order 1103.24 (aa) is enclosed. It establishes 40 MPH as the maximum linear speed for Thompson Road, a town road, between Springsteen and Patterson Roads and Dunbar Road, a distance of 1.3 +/- miles.

The Town of Windsor will be responsible for signing the 40 MPH on Thompson Road. The new speed limit signs must be installed in accordance with Title 17B of the New York State official Compilation of Rules and Regulations (New York State Supplement to the National Manual on Uniform Traffic Control Devices). In addition, the town may want to review the existing warning signs.

National Manual on Uniform Traffic Control Devices). In addition, the town may want to review the existing regulatory and warning signs.

If you have any questions please contact us (607) 721-8080.

Sincerely,

A handwritten signature in blue ink, appearing to read "T. Signorelli".

Tony Signorelli, P.E.
Regional Traffic Engineer
