Town of Windsor Board Members:

For the month of August: I was organizing my office for September, it's when people can come in and apply for the STAR or any exemption. My window to apply for any exemption is after September 1<sup>st</sup> but before March 1<sup>st</sup>. I was getting all the new forms printed.

First few days in September, I have already gotten my fair share of phone calls of irate taxpayers. A lot of people want to apply for Enhanced STAR. Some others are upset that their tax bill went up so much, but they never came in to talk to me when they got their change of assessment notice in May either. I have already corrected a tax bill.

Thank you,

Becky A. Herzog-Ottens
