

Town Of Windsor Code Enforcement Officer

124 Main Street
Windsor, NY 13865
Telephone (607) 655-3118

Town Board Report November 2022

- 1) One permit for chimney, woodstove
- 2) Certificate of Occupancy, Spaid home on Hargrave Road
- 3) Roof enclosure over existing deck
- 4) Addition to manufactured home
- 5) Slab for manufactured home
- 6) 2 Home remodels, renovations

Activities remain the same, we are arranging for a virtual meeting between this office and the town clerks' office to try and upgrade our record keeping. We are trying to digitize our file keeping and adding a device such as a tablet to use in the field while doing inspections.

With the new year approaching, this office is planning on a more aggressive approach to some of the chronic maintenance properties in the township. We have always tried to gain voluntary compliance, but several properties have been negligent in following through with cleanup efforts. Because of increasing complaints, we are going to modify our approach to these repeat violators.

Started addressing the adoption of the latest NYS Building Code, will require adoption of new Local Law.
