OFFICE OF THE TOWN CLERK
WINDSOR, NY

Dear Commissioner Boulton:

**RE: REQUEST FOR SPEED LIMIT REDUCTION TO 45 MPH
OSTRANDER ROAD
TOWN OF WINDSOR, BROOME COUNTY**

This is a follow up to our letter dated October 18, 2022. The Region 9 Traffic Safety and Mobility Office (TSMO) has completed their review of the speed limit reduction request on Ostrander Road; as requested.

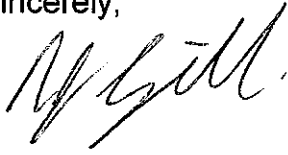

With such low traffic volumes on these roads, conventional methods of identifying operating speeds could not be employed. Therefore, the review process included multiple trips within the limits requested, driving 5 MPH intervals and identifying a speed that is reasonable and enforceable. This is a common method used for setting speed limits on low volume roads. After considering the roadside friction, development, physical features, and the geometry of the roadway, the engineer identified the appropriate speed limit as 45 MPH.

An Official Notice of Order 1103.24 (ab) is enclosed. It establishes 45 MPH, as requested, as the maximum linear speed limit for Ostrander Road between a point 3.1+/- miles north of Old Route 17, CR 28, and Old Route 17, CR 28, a distance of 3.1+/- miles.

The Town of Windsor will be responsible for signing the new 45 MPH signs on Ostrander Road. The new speed limit signs must be installed in accordance with Title 17B of the New York State official Compilation of Rules and Regulations (New York State Supplement to the National Manual on Uniform Traffic Control Devices). The town should evaluate and consider upgrading the existing signs, including warning signs with advisor speed limit subpanels.

If you have any questions, please feel free to contact me at (607) 721-8080.

Sincerely,

A handwritten signature in black ink, appearing to read "Tony Signorelli". The signature is fluid and cursive, with the first name being more prominent.

Tony Signorelli, P.E.
Regional Traffic Safety and Mobility Engineer
