Thank you so much for the lovely framed citation already up on our office wall. It has been such a privilege for us to serve the Town of Windsor and such a great community. The papers have allowed us to meet so many wonderful, interesting, and dedicated people over the years. Retiring is very bittersweet.

Thank you again for the recognition on Tuesday night, the cake, and all the friendships we could look around and claim that evening. It's been quite an honor and we felt like we should be the ones saying thank you.

Sincerely,
